**Experience**

**NAB Vietnam**

**Senior Software Engineer**

Jan 2023 – Present

- Developed and contributed to 4 production banking miniapps for NAB's Strategic Customer Onboarding Platform using React, TypeScript, GraphQL, Styled Components, Formik, and custom NAB UI toolkit, delivering 40+ major epics for business onboarding and connected parties management.
- Owned and led delivery of multiple complex epics, coordinating cross-team efforts and SIT support; demonstrated deep understanding of business requirements and quickly resolved production defects.
- Built and scaled CUSTONBD – an AI engineering toolkit for Customer Onboarding featuring a library of 70+ reusable automation skills plus a deep domain knowledge base, serving both engineering and non-engineering roles and standardising how the team plans, builds, tests, documents, and ships work.
- Drove strong adoption of CUSTONBD across the organisation – 50+ active users in a 30-day window, spanning engineers as well as non-engineering roles via purpose-built skills for RTEs, Business Analysts, etc.
- Build an AI-powered knowledge platform & mini-RAG with intelligent retrieval across 500+ documents, automated documentation generation with standardised templates, interactive knowledge-graph visualisation.
- Ensured AML / CDD, FATCA, CRS, AUSTRAC regulatory compliance through comprehensive validation workflows processing thousands of annual customer onboardings.
- Delivered technical presentations and product demos to C-level executives, and led knowledge transfer and enablement sessions to scale AI-assisted engineering practices.
- Mentored 10+ engineers and StarCampers.

**KMS Technology**

**Software Engineer**

Mar 2022 – Nov 2022

- Worked with ReactJS, ExpressJS, TypeScript, and PostgreSQL on a human services platform in Australia.
- Understood deeply multi-layers logic of the platform.
- Owned cumbersome epics involving the whole team to implement.
- Did not hesitate to raise bugs and improvements.
- Spiked on automation test (Playwright) and CI/CD tool (CircleCI, GitHub Actions) together with GCP and Firebase.

**Software Engineer**

Jul 2021 – Mar 2022

- Worked with Java, Spring MVC, and JSP on a banking platform in Malaysia.
- Drove the team from formation to self-organized.
- Coached interns and freshers to quickly catch up with the complexity.
- Paired programming heavily to support teammates on difficult tasks.
- Wrote 30 pages comprehensive technical document about the platform.
- Presented and provided information about technologies and logic used in the project.

**Software Engineer**

Jun 2021 – Jul 2021

- Worked with React Native and TypeScript to build an HR platform on mobile.
- Enhanced and debugged old features.
- Developed features for the next released version.

## Skills

**Languages:** TypeScript, GraphQL, SQL, HTML, CSS, JSP, Java

**Frameworks:** ReactJS, ExpressJS

**Testing:** Jest, React Testing Library, Cypress, Playwright

**DevOps:** Harness, Jenkins, Docker, Amazon Web Services

## Education

**VNU HCM – University of Science**

Bachelor of Computer Science | GPA: 8.43 / 10

**Ho Chi Minh city, Vietnam**

Sep 2018 – Dec 2022

**Lone Star College**

ESL and TSI

**Texas, U.S.**

Sep 2019 – Jan 2020

## Certifications & Awards

| Certification/Award                                          | Date      |
|--------------------------------------------------------------|-----------|
| NAB 1 <sup>st</sup> place in Customer Onboarding Hackathon   | Mar 2026  |
| NAB Codility Brown Belt                                      | Mar 2026  |
| NAB 1 <sup>st</sup> place in Engineering Design Showcase     | Aug 2025  |
| NAB Business Academy                                         | July 2025 |
| AWS Certified Solutions Architect – Associate                | Oct 2023  |
| NAB Stars of the Year                                        | Dec 2023  |
| NAB Starcamp Best Mentor (mentored team achieving Runner-Up) | Sep 2023  |
| AWS Certified Cloud Practitioner                             | Jun 2023  |
| Apollo Certified Graph Developer – Associate                 | Feb 2023  |
| IELTS – Score: 6.5 / 9                                       | Feb 2023  |
| Duolingo English Certificate – Score: 95 / 160               | Dec 2021  |
